

Spiritual Entrepreneurship

We are intentional about creating a world where spiritual entrepreneurs are given the tools that they need to transform themselves and the world around them. This year, one of our members Sheri Smith published a book, *Spiritual Entrepreneurship: Raw Reflections for a Female CEO*; reflecting on her own experiences running and education business (see below).

We also actively support spiritual entrepreneurs who are making a difference through training, coaching, space accommodations, and more.

Children's Choir performing at CHC

It feels like I found a hidden gem in the Church of the Holy City. I haven't felt so welcome and connected to a church in a long time...

This is a church that meets people wherever they are at, and welcomes them. Not superficially but from a deep understanding of the nuances and limitations of many other traditional religious communities. Church of the Holy City seeks to support the whole person.

Inspirational Speakers

We frequently bring community leaders, coaches and spiritual entrepreneurs to share life journey, and offer practical lessons and tools others can benefit from. We are currently working with a Certified Trauma Professional Dr. Laverne Adams to offer free community series around trauma-informed care.

Recently, we invited Executive Coach Ben Koch to give us a taste of his Purpose Lab, helping individuals to discover their purpose through practices of embodiment, deep nervous system regulation, and tapping into the subconscious mind.

One regular practice of our service order is the discussion group, which provides a way for attendees to ask deeper questions, have meaningful dialogue and share feedback. Ideas, discourse, dialogue are welcomed and encouraged!

Community Outreach

We believe the work of the CHC can serve as a scalable model for how churches can rejuvenate stagnant spiritual communities, and reach new generations of audiences in new and meaningful ways. Here are some of the ways in which we seek to make impact and live our faith in action.

- Speaker series with community leaders
- Spiritual Entrepreneurship Mastermind
- Cultural Translation programs to heal toxic polarization
- Interfaith events
- Trauma transformation trainings
- Book clubs
- Youth outreach
- Humanitarian efforts
- Peer support

About us

The mission of the Church of the Holy City is to be the place where anyone at any time can get support as they embark on their spiritual journey. We meet spiritual seekers where they are.

While other religious institutions see it as their mission to convert whoever they meet, our role is to support people where they are and offer them what we have to meet their needs.

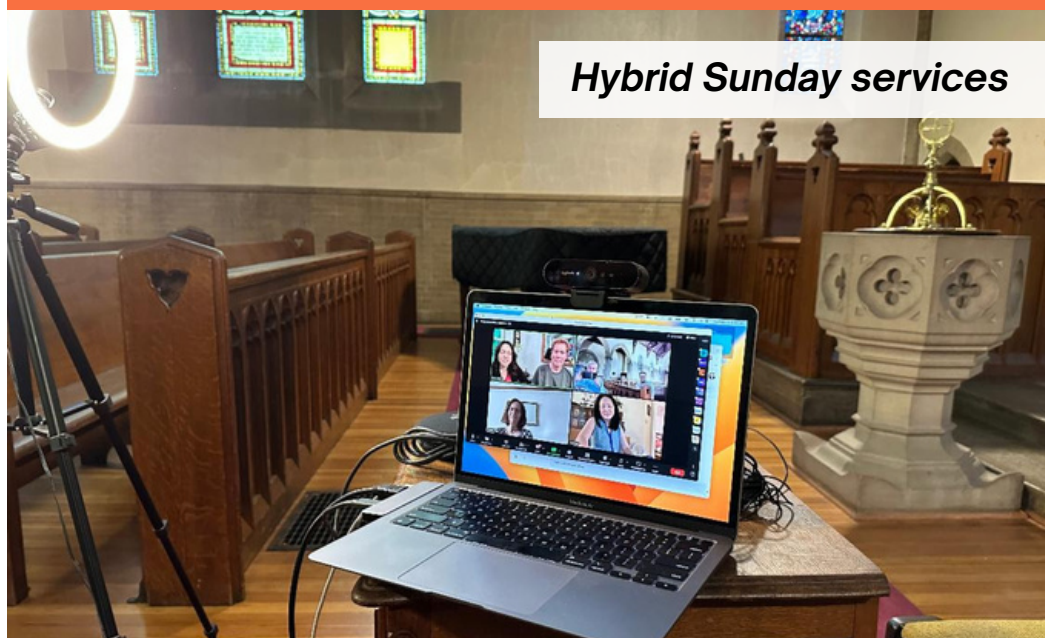

We believe that faith exists only in action. We provide tools to spiritual seekers as they seek to live out their divine purpose.

Our vision is to reject the culture of contempt and build a community of belonging where we each live for the other.
